

# What's Your PLAN B ?

Something bad is happening...

The warning signs are here.

How prepared are YOU?

How can YOU survive when the oil price and EVERY price increases but not your disposable income?

If you haven't felt it yet, The Sunday Star 22 June 2008 reported that following the June 5 fuel price hike:

- Kuala Lumpur City Hall recorded a drop of almost 12,000 cars entering the city daily a week after the fuel price hike;
- Queues at LRT stations are getting longer and car parks are bursting at the seams;
- A bus company in Putrajaya has recorded a 10% increase in the number of passengers;
- Daily traffic volume on the Penang Bridge has dropped by 7% from the previous daily volume of 67,000 vehicles;
- Sales of motorcycles have increased by up to 25%. Demand is higher than supply now;
- And more women are buying scooters.

"Inflation may hit 10-year high: INFLATION may rise to its highest in a decade this year but there is no urgency to raise the benchmark interest rate for now, Bank Negara Malaysia (BNM) said. Governor Tan Sri Dr. Zeti Akhtar Aziz said she expects

inflation to average 4.2 per cent this year after the recent sharp hike in energy prices at home.

This would be the highest inflation rate for any year since the Asian financial crisis in 1998, when it averaged 5.3 per cent."

- *Business Times, 6 June 2008* -

"IPOH: Consumers can expect the prices of many essential items to increase by as much as 10% next month. Federation of Sundry Goods Merchant Associations of Malaysia president Lean Hing Chuan said sundry store owners have no choice but to raise the prices of goods not controlled by ceiling prices to survive the impact of the fuel price hike."

- *The Star, 9 June 2008* -

What if the oil price increases again ?  
What if the petrol price hits the  
RM 4 ! Mark ?

"Everything will become more & more expensive!"

Fuel, food, transportation, electricity tariff and many more.

Our cost of living will continue to ESCALATE higher and higher!

**There's no doubt about it.  
This is a scary time.**

If you've felt a creeping sense of dread about what's going on in the economy ... if you've wondered, "When is it going to hit me ?" ... you're not alone. But you're right to worry. Wealthy or struggling, business owner or employee... when something like this happens, not many people escape unscathed.

**This DOESN'T have to happen to YOU !**

You can't do anything to stop the coming economic downturn.  
But you CAN stop it from having any impact on YOUR life !

You can completely INSULATE yourself from the negative fallout that so many other people are going to face.

And YOU CAN START TODAY!  
With a part time home based business  
& still keep your full time JOB.

### Your PLAN B !

You may have tried other MLM, network marketing, direct sales or other businesses before. But was it really a " home business ? " It is not a true "home" business if you had to commute to attend meetings, presentations or training sessions. They become a "commuting business."

**it is not a home business  
if you are not at home!**

We are independent associates of a publicly traded German technology company that has just expanded operations to Malaysia, Singapore and Indonesia. We specialize in helping people build successful businesses online.

### Fair to every one !

Our home business concept allows you to use the latest internet technology to work from home & still keep your full time job!

**TEST DRIVE our technology!**

If YES, please accurately fill out this brief form below (or on our site) or simple contact us –
